

GTB18V-45B15 18V Brushless Screwgun Kit

Catalog #	GTB18V-45B15
UPC	000346662726
Material #	06019K7016

The Bosch GTB18V-45 18V Brushless Screwgun is designed to get the job done comfortably and fast. This light, compact screwgun features a well-balanced ergonomic grip ideal for comfortably holding the tool, allowing the thumb and the index finger to control the operation. Xtend Drive is an intelligent lock-on mode that activates the motor only when the bit senses pressure, increasing runtime. The tool remains operational but is quiet between screw activations. The screwgun features a retractable depth gauge, so the user doesn't have to remove the cone on the tool to reverse out a screw. The tool delivers 4,500 max rpm to drive drywall screws into sheet rock, gypsum board and metal or wood studs. The kit includes a next-gen CORE18V® 4 Ah Advanced Power Battery, which delivers 2x the runtime compared to previous generation BAT612 2 Ah battery.

Scope of delivery

(1) GTB18V-45 18V Brushless 1/4 In. Hex Screwgun	✓
(1) GBA18V40 18V CORE18V® Lithium-Ion 4 Ah Standard Battery	✓
(1) 18V Charger	✓
(1) Screwdriving Bit	✓
(1) Bit Holder	✓
(1) Belt Clip	✓

Technical Data

Battery Life	4
Chuck Size	1/4 in Hex
Clutch Settings	Not Applicable
No Load RPM	0-4,500
RPM	4500
Weight	2.9000 kg
Width	279 mm
Height	120.650 mm
Length	387 mm

Material Status	Phasing Out
Date of Valid Distribution Status	20250618
Country of Origin	Malaysia

Product Benefits

- (1) GTB18V-45 18V Brushless 1/4 In. Hex Screwgun, (1) GBA18V40 18V CORE18V® Lithium-Ion 4 Ah Advanced Power Battery, (1) 18V Charger, (1) Belt Clip, (1) Screwdriving Bit, (1) Bit Holder
- Ergonomic 18V screwgun design – gets drywall jobs done comfortably and fast, while cutting the cord
- Well-balanced grip – ideal for comfortably holding the tool, allowing the thumb and the index finger to control the operation
- Xtend Drive – activates motor only when the bit senses pressure for increased runtime and less noise
- Compact build – designed to keep the user's hand closest to the work material, for max control
- Retractable depth gauge – user doesn't have to remove the cone on the tool to reverse out a screw
- Efficient, powerful brushless motor – delivers 4,500 max rpm to drive drywall screws into sheet rock, gypsum board and metal or wood studs
- Variable-speed – controls operating speed for precise tool performance
- CORE18V® 4 Ah battery – delivers 2x the runtime compared to previous generation BAT612 2 Ah battery
- CORE18V® advantage – high-power li-ion cells, cutting-edge battery design and heat management with Bosch-exclusive CoolPack 2.0 technology
- Belt clip – for a convenient hold
- LED light – illuminates low light or dark work areas
- Easy-to-use lock-on switch – allows for extended operation
- AMPShare™ System – designed to be multi-brand compatible across many cordless products to make managing your work day easier
- AMPShare™ System compatibility – 18V batteries and chargers are compatible with Bosch 18V power tools and a growing list of cordless products from AMPShare™ brands
- Bosch 18V cordless power tools and 18V chargers are covered by a five year limited warranty; Bosch 18V batteries are covered by a three year limited warranty – for details, visit <https://rb-pt.io/PowerToolWarranty> or call 1-877-BOSCH99
